

# Android Shortcuts

## ADD ANY WHATSAPP CHAT SHORTCUT TO YOUR HOME SCREEN

You can easily add a shortcut of any individual or group 'WhatsApp' chat to your home screen to easily access it.

### Here is how to do it:

1. Open the 'WhatsApp' app.
2. Hold your finger on any individual or group chat.
3. In the top right corner tap on the 3 Dots and select "**Add Chat Shortcut**".
4. Now you can easily add the shortcut of the chat to your home screen for quick and easy access.

Please note: This option is available in many other apps too.
